eVoucher·mobi

Guide for Gbets

Registration

No account registration required. Once funds have been loaded, eVoucher.mobi will automatically open an account.
Load funds/Top-Up:

Cash deposit

Visit any Shoprite, Checkers or USave store and ask to make a "mobile payment". The user gives the teller cash only. Terminal has 2 options - WiCode and Cell Number, user selects WiCode and punches in 228 and their 10 digit SA cell number, e.g 2280821234567.

Funds are allocated to the account and the user receives a Welcome SMS. Up to R2000 daily can be deposited, R15 flat fee charged by the store.
E.g. If you deposit R2000, R1985 is allocated to your wallet.

Account activation

The Welcome SMS includes the user's account password and login options - Web: (https://trade.evoucher.mobi) or USSD (*120*7687#). Username is the user's SA cell number, e.g. 0821234567

This process only happens once.
For future top-ups, users EFT funds or deposit cash as mentioned above. User will login to their accounts to see available cash and voucher balances
